**Lee Enterprises Expands Sales Intelligence Investment
With WANTED Technologies Solutions**

Quebec, Quebec – February 6th, 2008. WANTED Technologies Corporation (TSX-V: WAN) announces today that it has signed a national sales intelligence agreement with Lee Enterprises (LEE: NYSE). Following a successful program launch with The St. Louis Post Dispatch, the largest of Lee Enterprises' newspaper dailies, WANTED will broaden its offerings across 20 of Lee's newspaper markets.

All Lee newspaper affiliates will integrate WANTED's sales intelligence suite of solutions, known as "The Wanted System," within their classified advertising departments in order to increase top-line growth in recruitment advertising. All participating newspapers will benefit from robust market analysis, customer account data enhancements, plus continuous access to scored sales leads and real-time business analytics delivered through WANTED's Analytics tool.

About Lee Enterprises

Lee Enterprises is a premier publisher of local news, information and advertising in primarily midsize markets, with 50 daily newspapers and a joint interest in five others, rapidly growing online sites and more than 300 weekly newspapers and specialty publications in 23 states.

About WANTED Technologies Corporation

[WANTED Technologies](#) is a leading supplier of real-time sales and business intelligence solutions for the media and staffing industries. Using its proprietary on-demand data mining, lead generation and CRM (Customer Relationship Management) integrated technologies, WANTED aggregates, and delivers access to, high quality, actionable data from thousands of websites. WANTED's proprietary tools and solutions help improve individual sales performance and optimize resources to gain market share.

[WANTED Technologies](#) is also the exclusive data provider for The Conference Board's Help-Wanted Online Data Series™, a monthly economic indicator of job availability in the United States.
