## **WANTED Names Interim CEO Bruce Murray to Permanent CEO Role**

*Murray, named interim CEO in April,  
was co-founder of company that WANTED acquired in 2007*

**Quebec City, Quebec – October 1<sup>st</sup>, 2008.** WANTED Technologies, (TSX-V: WAN), [www.wantedtech.com](http://www.wantedtech.com), the leading source of on-demand intelligence for the employment marketplace, announced today that its Board of Directors has appointed Bruce Murray to the role of permanent President & CEO. Murray has been interim President and CEO and, since 2007, had been a member of the WANTED Board of Directors.

"We are very pleased to have Bruce officially on board as permanent CEO," said Jan Oosterwaal, Chair of WANTED's Board. "With his in-depth knowledge of the market and our customers, combined with his drive and commitment, he will provide strong leadership and support for the continued growth of our organization."

Murray was named WANTED's interim CEO in April, 2008 and was also co-founder of Corzen, Inc., a New York City-based market and business intelligence firm that WANTED acquired in 2007. Prior to Corzen, Murray was an early-stage employee and VP Sales and Marketing for an Internet platform services company sold to Compaq Computer for \$300 million in 1999. Prior to that, he held several executive management positions in the media industry. He is a 1979 graduate of Yale University.

### **About WANTED Technologies Corporation**

[WANTED Technologies](http://www.wantedtech.com) provides online data, intelligence and analytical solutions focused on the employment marketplace in the United States and Canada. Its clients include firms in the media, employment services and financial services sectors.

Founded in 1999, WANTED Technologies has developed proprietary web-crawling and data transformation technologies to capture and analyze on a weekly basis more than three million jobs advertised online. The company integrates this data with multiple third party data sets to create proprietary information products. These products include economic trend analyses, competitive and market intelligence, scored sales leads, custom data feeds and analytical reporting services.

WANTED Technologies is also the exclusive data provider for The Conference Board's Help-Wanted Online Data Series™, a monthly economic indicator of job availability in the United States.
