About WANTED Technologies Corporation

[WANTED Technologies](http://www.wantedtech.com) provides online data, intelligence and analytical solutions focused on the employment marketplace in the United States and Canada. Its clients include firms in the media, employment services and financial services sectors.

Founded in 1999, WANTED Technologies has developed proprietary web-crawling and data transformation technologies to capture and analyze on a weekly basis more than three million jobs advertised online. The company integrates this data with multiple third party data sets to create proprietary information products. These products include economic trend analyses, competitive and market intelligence, scored sales leads, custom data feeds and analytical reporting services.

WANTED Technologies is also the exclusive data provider for The Conference Board's Help-Wanted Online Data Series™, a monthly economic indicator of job availability in the United States.
